

IBISWorld for Investment Banks

“IBISWorld reports allow us to identify M&A prospects, and gives us greater insight and depth of knowledge into the industries we’re looking at.”

Daiwa Capital Markets

IBISWorld provides industry intelligence that analyses the performances of 700+ Australian industries.

Each industry report provides the most detailed performance data and analysis on the market including supply chain information, forecasts, risk scores, operating strengths and weaknesses, analysis of external drivers, major player market strategies, and industry profit and cost benchmarks.

Our report titles are based on the four-digit level of the Australian New Zealand Standard Industry Classification.

IBISWorld is an online industry solution. Reports are updated up to four times per year and are available in three user-preferred lengths: four-page iExpert Summaries, Industry Reports of 40 pages and 20-page Risk Rating Reports. Our strategic database covers all reports to give you a bird’s-eye view of the economy. Report data and analysis can be downloaded as value-added content for your presentations.

IBISWorld’s extensive report collection has the answers that cut hours from first-stage project research, help you identify and win new business, and deliver client-relevant messages that strengthen existing relationships.

Whether buying, selling or merging a business, raising capital or providing strategic advice to clients, we can help. IBISWorld provides independent industry data that reduces your first-stage research time and costs.

Independent Research

Don’t look for a needle in a haystack online, or rely on partisan, incomplete or out-of-date sources. Use IBISWorld for data and analysis to support your research position and presentations.

Save Time & Money

Save up to four hours and thousands of dollars on deep-dive reports when using IBISWorld to screen an opportunity. Our information is consistently presented to fit into your proprietary models.

Breadth of Collection

Find your clients the broadest universe of opportunities with the largest collection of industry and supply chain information. IBISWorld covers more than 700 industries and regularly updates more than 300 Business Environment profiles.

Meeting Preparation

Get up to speed on an industry before meeting a client or target. Face time is vital to the success of any deal, so give C-level executives and Business Development the tools to impress.

Additional Products

Our Company Reports contain key information and financials for the top 2,000 Australian and New Zealand companies by revenue. Using the online Company Wizard tool, you can compare and benchmark companies or target a particular group of players without having to download hundreds of reports.
